A settlement of the accounts of J. W. Hurt, Sheriff of Adair county, Kentucky, of the collections and disbursements made by him of the taxes levied at the October term of the Adair County Court, for the purpose of settling the current expenses of Adair county for the year of 1898.

At the regular October term, 1898, of the Adair Fiscal Court, I was by an order of said court appointed a Commissioner and directed by said order to make a settlement with J. W. WEDNESDAY, APR. 25.

Floods in the Mississippi Valley have done much damage to property.

Col. W. D. Colson seems to have a clear case of self defense in the shooting of Scott. LATER--He was acquitted Saturday.

A bill has been introduced in the United States Senate to grant a pension of \$50 a month to Gen. Grant, as a Mexican veteran.

Charles Finley says he will not return to Kentucky until his case is called, but that he will return then. He might come before he should be ready.

The Franklin county grand jury has not been at work on the assassination case for several days, the Commonwealth's Attorney being engaged in the Colson murder trial.

Republicans went up Salt river in Louisiana last week. Democrats carried every parish in the State except two and elected every officer in the state except 4 police judges and 3 magistrates. Expansion where art thou?

The Republican State Convention at Montgomery, Ala., last week, split wide open in an attempt to organize. The Sergeant-at-arms of the two factions had a fight and one was shot and wounded. Two delegations go to the National Convention.

The Louisville Post, urges the Republicans to organize early and by so doing the Democratic party of Kentucky can be wiped from the face of the earth. Democrats should take warning for Dickey Knott is a bulger. He thinks, since the Post has supplanted the Commercial, for Republican favor, that he is the whole thing.

The Republicans of Tennessee split wide open in their Convention last week in Nashville, and as a result two conventions were held, two State tickets were nominated and two sets of delegates will go to the city of brotherly love. The Republicans are splitting from "Amsterdam to Shadwell" in this good year of expansion, imperialism and trusts.

It is reported that Mr. W. S. Taylor has been indicted as an accessory to the murder of Governor Wm. Goebel, but no warrant for his arrest has been issued. We do not know how this is but as others have been indicted for this crime and accused of conspiring with W. S. Taylor and others, we cannot see how one could go free and the others indicted. Webster said, "murder will out."

Next Monday the Supreme Court will begin an investigation of the Kentucky muddle. The question before the Court will be that of jurisdiction and each side is allowed a short time to present argument. If the court decides that it has no jurisdiction in this matter then the battle will be a thing of the past and Mr. Beckham will be the lawful Governor of Kentucky, beyond further dispute.

Should it decide that it has jurisdiction, then the case will be tried on its merits and would probably be a long time before the declaration of peace in this State, but as heretofore stated we do not have a doubt that the Supreme Court will claim jurisdiction in this matter as it is purely local.

Last Wednesday in the Franklin circuit court the amended answer of the Republican State officers was overruled by Judge Gaillard and judgment entered for the Democratic officers. The Republicans must either vacate the offices within ten days from the time judgment was entered or execute supersedeas bond and carry the case to the Court of Appeals. The sheriff is ordered by the judgment to eject the usurpers if they have not evacuated within ten days.

The outlook for a great national Democratic victory this fall is brightening every day. Four years ago our party was divided and many of its ablest leaders openly fought Mr. Bryan, but now it is different. In every State the Democrats are uniting and preparing to win a great victory with the same man some rejected and fought four years ago, and exactly upon the same platform as they with a few additional planks.

Women's sensitiveness make them subject to more intense weariness than men. The melancholy, depression and exhaustion they suffer is due to sluggish action of their organs, which loads the system with impurities, poisons the blood and shatters their nerves.

A Woman's Awful Peril.

"There is only one chance to save your life and that is through an operation" were the startling words heard by Mrs. I. B. Hunt, of Lime Ridge, Wis., from her doctor after he had vainly tried to cure her of a frightful case of stomach trouble and yellow jaundice. Gall-stones had formed and she constantly grew worse. Then she began to use Electric Bitters which wholly cured her. It's a wonderful remedy. Cure Dyspepsia, Liver and Kidney disease. Try it. Only 50cts. Guaranteed. For sale by T. E. Faull druggist.

The Jessamine News, D. editor and publisher, is a new candidate for public favor, which comes from Nicholasville. He is a good-looking parson, but the editor is a defaced hag. The paper is well written if not always printed. It hard to sell, though popular Harry McCarty is published by it.

The men, as well as the News men with several others, dined with Mr. Corbin, there all were well fed and kindly treated.

After dinner the magistrates and many others started for Neatsville to meet the court adjourned to meet in Columbia the following day. For hospitality the citizens of Neatsville and vicinity are unsuppassed and the court adjourned to meet again at one hundred yards from the bridge.

| I also found that the said Sheriff had been improperly charged with the tax on the person who was listed by order of court twice released from the payment of the poll tax. I therefore gave said Sheriff credit by \$50 polls at \$1 50 each, 28 50 | 77 50 |
| I then found that the Assessor had listed twice and had improperly listed \$2 97 on worth of property, which had been released from the payment of the poll tax by order of the county court. I therefore gave said Sheriff credit by \$2 12 cents | |

to each lot or thereof. I was then shown a list of persons assessed for capitalization tax for the year of 1898, which had been returned as delinquent in the payment of the same to this court. The Assessor had made an unapproved and allowed the same as delinquents, and ordered the same certified and a credit given to the Sheriff in this settlement, the number of lots of delinquent being 383. I therefore gave said Sheriff credit by \$1 50 each, 574 50

I then deducted from the total debts of \$4,612 22, which I had charged to said Sheriff, \$2 50 the poll tax, which had been released from the payment of minors, women and non-residents; the 77 50 which had wrongfully been charged to 55 persons who had by order of court been released from the payment of the poll tax by the Assessor, and the \$1 50 which was the advalorem tax which been improperly assessed against 55 persons, \$2 97 worth of property twice amounting in all to \$12 15 to this sum I added the sum of \$1 50 to the poll tax on 383 delinquents, making the total sum to be deducted from the debts \$4,612 22 which left the net debts of the said Sheriff, \$77 50 for collecting this amount I again credit him the commission as allowed by law 10 pr cent on the first \$5000 00 per cent on the remainder, viz: 10 per cent on first \$5000 00 4 per cent on \$2,895 00 112 32

Therefore I find the amount of debts due to the Sheriff \$4,534 84

Your Commissioner reports the foregoing settlement made by him with the sheriff of Adair county and submit the same to you for your consideration. This same was made from the record as found in the office of the sheriff and in the office of the clerk of the Adair County Court, this the 8d day of April, 1900.

About three years ago my wife had an attack of rheumatism which confined her to her bed for over a month and rendered her unable to walk a step without assistance, her limbs being swollen to double their normal size. Mr. S. Maddox insisted on my using Chamberlain's Palis Balm. I purchased a fifty-cent bottle and used it according to the directions and the next morning she walked to breakfast without assistance in any manner, and she has not had a similar attack since.—A.
